

CHAMELEON ^{2.0} SARL
DESIGN AGENCY

THE AGENCY

It all started with a friendly meeting of two and an unofficial suggestion. All of which eventually turned into registration papers, lawyer meetings and a founding date in **May 2012**.

What began as a dream became a reality full of ambitions, high expectations and long-term goals of success. From a team of two and tons of trials and errors to pinpoint the perfect branding; to a group of up to **10 professionals in the Design & Marketing industry**, and a visual identity we are proud of. **CHAMELEONsarl** is now an all-inclusive design agency born in Beirut, Lebanon and operating worldwide.

The agency, after taking a break from operations between 2019 & 2021... and after restructuring and reorganizing, introduces the reborn **CHAMELEONsarl 2.0** ready to provide you with all your Design & Marketing needs!
